

INFORMATION BULLETIN

WORKFORCE INVESTMENT ACT

Number: WIAB04-63

Date: December 13, 2004
Expiration Date: 6/30/05
69:141:lh:8850

TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: CCCCCO—I CAN AFFORD COLLEGE CAMPAIGN

This information bulletin announces the launch of www.icanaffordcollege.com and the availability of financial aid from the California Community Colleges. This Web site was developed to directly connect students and potential students with nearby financial aid offices that can provide one-on-one assistance with the financial aid application process. Primarily, this Web site will serve as an information resource for students who need help finding ways to pay for college. For those that do not have Internet access, a toll free helpline, 1-800-987-ICAN (4226), connects callers to the community college financial aid office of their choice within a 25-mile radius of their zip code.

The Workforce Investment Division encourages the Local Workforce Investment Boards, One-Stop operators and other One-Stop partner agencies to promote public awareness of financial aid opportunities for community colleges and the availability of financial aid experts in your local community.

For more information about the community college system or this campaign, please contact the California Community Colleges Chancellor's Office (CCCCO), at ican@cccco.edu.

/S/ BOB HERMSMEIER
